

bunch watercress

It's all about health & flavor

Watercress is one of the most nutrient-dense vegetables in the world. It's a globally known green, famous for its flavor and delicate crunch. With more than 18 essential vitamins and minerals, watercress is a superfood offering a distinctive taste that stands out from many of the muted flavors other salad greens provide. For more than 145 years, B&W has specialized in baby leaves, with a singular focus on quality. Our varieties are selected for superior flavor and consistent appearance.
